analytical skills . Accountability and responsibility
Eagerness to learn new technologies . Ability to
work independently when needed . Effective
communication skills

PROFESSIONAL EXPERIENCE

Full Stack Developer

July 2022 - Present

ITVisionHub

At IT VISION HUB Co., Ltd., I expanded my expertise to backend technologies such as Node.js, Express.js, Prisma, and MongoDB, while continuing to develop frontend interfaces using React and TypeScript. I played a pivotal role in designing RESTful APIs and integrating frontend-backend functionality in full-stack web applications. Collaborating in agile teams, I delivered scalable, high-performance solutions across various industries.

Frontend Developer

July 2019 - June 2022

ITVisionHub

As a Frontend Developer specializing in React.js, JavaScript, TypeScript, and Tailwind CSS, I built responsive, user-centric web applications. I collaborated closely with design and backend teams, ensuring the seamless integration of UI/UX with server-side functionality. I utilized Figma for mockups and optimized performance with Google Page Speed Insights.

EDUCATION & CERTIFICATIONS

Bachelor of Engineering

Majors: Information Technology
2013-2018

Condo Service Management System
